

# Processing your recycled printer cartridges

## It all starts with you!

By regularly recycling your used printer toner and cartridges at work or via our retail collection points, you're helping a recycling process that ensures zero waste ends up in landfill. Product stewardship initiatives, like Cartridges 4 Planet Ark, help keep valuable materials in use whilst also protecting the environment.

## We take care of the rest

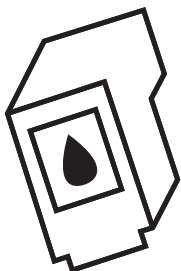

**Once collected, the cartridges are manually sorted at the Close the Loop facility in Melbourne**

Cartridges can be returned for recycling through all Officeworks and Office National outlets, and at participating Australia Post, Harvey Norman, JB Hi-Fi and The Good Guys stores. Your workplace can apply for a free collection box if you use more than 3 cartridges a month.

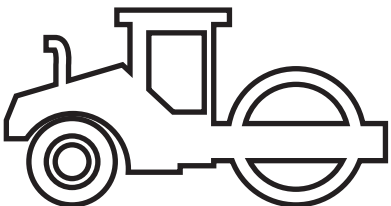

**Some cartridges are returned to their original manufacturers for reuse or recycling.**

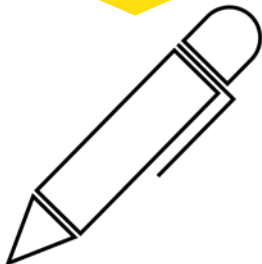

Other cartridges are crushed and the materials separated.

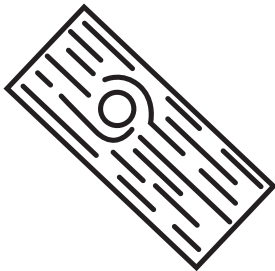

Becomes pens, new cartridges, and other plastic products

Used in TonerPave™ and TonerPlas™ asphalt

Made into 90% recycled Enviroliner pens and Lousy Ink recycled artist ink

Made into eWood a timber replacement

Using Close the Loop's revolutionary Australian technology

Powered by

Participating brands – Taking responsibility for our cartridges
