## **EMPATHISE**

In small groups **brainstorm** and **create a list** of recycling problems in your school.

| Name:                        |                                                                                                         | Class: | Date:  |
|------------------------------|---------------------------------------------------------------------------------------------------------|--------|--------|
| THOU                         | JGHT STARTERS                                                                                           |        |        |
| <b>are they</b><br>Are there | re some recycling problem<br>recycling bins? Is there a lot of lit<br>d of things can and cannot be red | ter?   | l? Why |
| 1.                           |                                                                                                         |        |        |
|                              |                                                                                                         |        |        |
| 2.                           |                                                                                                         |        |        |
|                              |                                                                                                         |        |        |
| 3.                           |                                                                                                         |        |        |
|                              |                                                                                                         |        |        |
| 4.                           |                                                                                                         |        |        |
|                              |                                                                                                         |        |        |
